

## Programming

### Seminar content:

- Programming a special dance or more day events

### Programming special dances and more day events

In addition to all topics from EEP level 2+3:

- Prepare how to wrap up the theme after breaks (for example rounddance in between)
- Use workshop-theme during the evening-program if possible  
If Programming a more day event remember late arrivals or dancers whom have to leave before the last tip
- Select Theme, gimmicks, clothes together with other leaders of the program
- Prepare the whole dance around the theme
- Remember those, whom do not dance every tip/day
- Save time to get relaxed by yourself during the dance. Maybe rest for an hour, change clothes, get something to eat, smalltalk time, refresh your voice, etc.
- Building up more-day events – maybe every day has its own motto
- For workshop-days wrap up the tough figures if necessarily
